## DISCUSSION GUIDE

### For reflection

1. What is your vision for the youth you disciple? Might the 3 suggested goals be a useful framework for your planning?
2. Imagine yourself encouraging your group to pursue this vision. What different approaches could you take to communicate this?
3. Imagine yourself giving your weekly announcement. How might you reinforce this vision through the way you give those announcements?
4. What do you think of the idea of getting your leaders to take turns at sharing the vision? Is this something you're willing to actually do?

**What is your action point?**
